

Make your next work barbie a BarbeCURE®!

Nothing brings people together like a BarbeCURE®!

So, this summer, we're asking everyone to turn their next work BBQ into a BarbeCURE® - an Aussie barbie that raises money for cancer research.

It's easy, just bring your colleagues together, have a BBQ, and ask them to donate. Your BarbeCURE® will help us fund vital research to find a cure for children with cancer.

Cure Cancer's BarbeCURE® has raised over \$1 million to support 12 ground-breaking new research projects.

Every year, more than 75 Australian families will hear the devastating news that their child has sarcoma. Sadly, 2 in 5 children diagnosed with this common childhood cancer will die from it.

Your BarbeCURE® will help fund 2 years of Dr Ben Wylie's vital new research on childhood sarcoma, which aims to prevent the recurrence of cancer after surgery by developing safer and more effective treatments for young sarcoma warriors.

Register your BarbeCURE® today!
