

**Cure Cancer's Dining for a CURE**  
is a fundraising initiative that aims to engage venues and the  
community to dine together and raise funds for  
cutting-edge cancer research.

Getting involved is easy! Whether you're a restaurant, hotel, bar or cafe owner looking to attract guests and be part of a good cause, we can help tailor a Dining for a CURE fundraiser to suit your venue.

**Make a difference:**

Your participation will directly support cutting-edge cancer research, bringing hope to millions affected by cancer.

**Engage your community:**

Offer your diners a unique and meaningful experience that fosters a sense of community and purpose.

**Enhance your brand:**

Align your restaurant with a respected cause, enhancing your brand's reputation and driving footfall from this partnership activity.

**How to get involved**

Join our community of passionate venues dedicated to making a difference in one of the following ways:

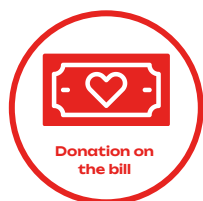

**Curate a signature experience**

Let your head chef design a unique culinary experience exclusive to the Dining for a CURE campaign. This could be a special menu, a signature dish, a themed night, a signature mocktail, a collaboration with our ambassadors, or any creative concept that showcases your restaurant's unique style.

**Corkage donation**

Contribute proceeds from corkage fees as your Dining for a CURE activity, turning every bottle into support for cancer research.

**Donation on the bill**

Offer your diners the option to add a donation to their bill, making it easy for them to contribute to cancer research.

**Flexible participation**

Choose the concept and timeframe that suits you best – whether it's a single night event or a month-long initiative, you have the flexibility to participate in a way that works for your venue.
